

A fond farewell for Sue at Hengist Field Care Home

Friday 26 February was a sad day for us at Hengist Field Care Home, but a new beginning for our most loved Activities Coordinator, Sue Randell.

Sue has been with our **Hengist Field** family from the day our **Home** opened; she can even remember hanging the curtains in the rooms!

She has brought so much love and laughter throughout the years, first as a **Carer** and then finding joy as an **Activities Coordinator**. She brought so much comfort and love to all who had contact with her.

Sue's nickname is '*Mumma Sue*' and she's adored by both residents and staff. She will be truly missed, but we are excited for her as she starts her new journey to a relaxed life with her husband Ray.

Sue enjoyed a day of surprises! From unexpected phone calls, visitors, gifts and flowers, to plenty of booze, a stunning cake and balloons and decorations galore!

She was overwhelmed but she left **Hengist** feeling very much loved.

Enjoy your retirement Mumma Sue!
