

A winter wonderland arrives at Hengist Field Care Home

We've worked hard this week to transform our lovely Courtyard Garden into a magical winter wonderland for all our residents at Hengist Field Care Home.

Everyone was in the Christmas spirit and we were videoed for a special **Nellsar Christmas film** as we put up our decorations.

Everyone loved the garden with our huge **Christmas tree, sparkly lights, decorations** and even a **snow machine!** Our residents said they just love sitting and looking out the window.

Our Kitchen team prepared some **festive cupcakes, mince pies** and a **fabulous puff pastry Christmas tree** and there was **sherry, Baileys** and **mulled wine** flowing, which everyone enjoyed after being outside.

Our festive season has well and truly begun!
