

Bringing springtime in at Hengist Field Care Home

We decided to bring a little bit of spring from outside inside for our residents to enjoy here at Hengist Field Care Home.

We bought a beautiful selection of colourful flowers with money raised and donated to our **Residents' Fund** for our funny PPE masks, made by a friend and entertainer of **Hengist Field**, Mrs Candy Kemp.

The blooms have certainly brightened our spirits and our cheeky masks have brought a big smile too!
