

Buckets and ball games at Hengist Field Care Home

Buckets and ball games

We had a fun afternoon of target games here at Hengist Field Care Home on Thursday 2 March, using big buckets, cups, little fishing nets, small balls and big balls.

Using colour coded buckets to score, it was "*Ready, aim, fire!*". Catching the different size balls into different size buckets, cups and nets, there was so much laughter among residents – and plenty of competition!

Housework

Some of our lovely ladies on our Horsa community like to help with housework and small chores. On Monday 6 March they enjoyed using the sweeper, hanging out some washing, folding the towels and sheets, and doing some dusting. Once they started, there was no stopping them! There was plenty of chatting as the ladies made everywhere spick and span.
