

Chinese New Year preparations at Hengist Field Care Home

Chinese New Year arts and crafts

Our residents here at Hengist Field Care Home have been very creative in order to decorate our Home for Chinese New Year.

They've made **dragons and fans**, **decorated lanterns** and **coloured some super rabbits**, as 2023 is the 'Year of the rabbit'. They used such vibrant and bright colours to make their pictures stand out and really come to life.

What fun we all had making them and chatting about Chinese culture and traditions.

The year of the rabbit!

Decorating for Chinese New Year

And we are now **all decorated for Chinese New Year** too - all of our lounges and foyer area are decorated with our handmade decorations.

We also have our **pretty lantern tree** and our friendly bear is also dressed for the occasion!

Happy Chinese New Year!
