

Cookery Club crepe making at Hengist Field Care Home

On Thursday 5 October here at Hengist Field Care Home we held our Cookery Club, where we made some delicious crepes together.

We had **mixed fruit, ice cream, lemon, sugar, golden syrup, sprinkles** and **different flavoured sauces** on offer so everyone could choose which fillings they fancied.

The afternoon was **buzzing with conversation** and everyone was chatting about what fillings they were going to try.

All the crepes looked and tasted so good and **some of our lovely residents had three or four** – enjoying every mouthful.

A messy but very tasty afternoon. *We'll definitely be making crepes again in Cookery Club!*
