

Ducks return for a visit to Hengist Field Care Home

Last month, we were excited to receive some duck eggs to hatch ourselves at Hengist Field Care Home from Incredible Eggs who provide ethical hatching kits.

The gorgeous yellow baby duckling were a big hit with everyone at our **Home** as they waddled about and swam together, so cute and fluffy!

Last week our staff member **Zara brought back two of the ducks to show everyone** how much they had grown.

Our residents loved seeing them, as they were taken around to visit everyone.

We love their fluffy yellow feathers – what adorable characters!

Oh how we've grown!
