

## Flowers for Carers at Hengist Field Care Home

**June marks the annual Carers Week from 5-11 and we took the opportunity to give thanks to our amazing team of Carers here at Hengist Field Care Home.**

A group of **our residents created bouquets of flowers** for our Carers using different types of flowers and foliage. The colourful creations were then presented to members of the Care Team throughout the Home.

*Thank you very much to our Hengist Field entire Care Team for everything that you do!*
