

Gardening and live music at Hengist Field Care Home

We've had another great week here at Hengist Field Care Home, and spring is definitely in the air!

To celebrate the good weather, our residents enjoyed planting some pretty spring planters, including some miniature daffodils, during their **Gardening Club**.

Our ladies and gents really enjoy gardening and it's lovely to see them so happy and relaxed, creating something beautiful to share with everyone in our **Home**.

We were also treated to a visit from entertainer **Fred Clark**. Fred gave a brilliant performance, with some really memorable tunes, which our residents loved.

Thanks for coming to entertain us Fred, it was great to see you!
