

Gardening Club at Hengist Field Care Home

On Tuesday 23 August our lovely resident Jane enjoyed admiring the fruits of her labour in the garden here at Hengist Field Care Home.

She was so pleased with her gorgeous **sweet and juicy ripe tomatoes** that she had grown, with plenty more fruit ripening.

Jane tends to her tomatoes every day and was more than happy to show them off! *Well done Jane!*

David also helped to finish off our **flower pot lady** for our garden and planted some bulbs in the pot used for her head – we put an artificial plant in for her hair, just until the bulbs come through!

Jane and David – right at home in the garden
