

## Halloween arts and crafts at Hengist Field Care Home

On Thursday 27 October our ladies and gents here at Hengist Field Care Home enjoyed an extremely spook-tacular arts and crafts day.

**Spiders, pumpkins, witches, bats** and many other scary things were involved to get everyone in the **Halloween** mood!

Everyone choose to either **decorate a pumpkin, colour in a Halloween picture or make a paper autumn wreath** – using a wide variety of craft items including crayons, paint, tissue paper, pipe cleaners, stickers and glitter, to name just a few. Everyone's wonderful creations decorated our Home for Halloween.

Arts and crafts are a great way for our **residents to express themselves, use their own ideas and promote their individuality**, all the while having fun with their peers and reminiscing about their own past experiences.
