

Hats off to residents at Hengist Field Care Home

Our lovely residents at Hengist Field Care Home have had some fun with a paper hat creation that we made from an email sent from our Recreation and Well-Being Manager Viv Stead.

Everyone laughed and David commented that we '*shouldn't give up our day jobs*' and burst into fits of giggles! Rod and John also took a turns trying it on. Everybody roared with laughter!

Christine enjoyed an activity using brightly coloured craft noodles. Together we made a **decoration** to hang in her window.

Patricia S hasn't been with us very long, but she has settled in well and has been enjoying doing some very helpful **gardening** in our raised flower beds in our beautiful courtyard garden. We've had the perfect weather for it!
