

Hengist Field Care Home ladies enjoy planting and painting

On Thursday 4 May, our Hengist Field Care Home ladies got busy in the morning at our Gardening Club.

Some of our green-fingered ladies were in the garden **putting plants in our flower beds** and making the most of the sunshine.

Meanwhile, we also had a table of ladies **painting some large tins, nice and bright, ready to be planters.**

Our third table of ladies were **planting bulbs and flowers into hanging baskets.**

It was a hive of activity and everyone said how much they enjoyed it and how pretty the garden will look once everything starts to flourish. *A productive and fun morning!*
