

Hengist Field Care Home residents enjoy a trip to Bartons Point

On Wednesday 19 May we took a group of our residents from Hengist Field Care Home to Barton's Point on the Isle of Sheppey.

All our residents enjoyed breathing in the **fresh sea air** which blew away any cobwebs!

It felt so nice to have some kind of normality back to our lives and we even made friends with a **swan** while we were there!

Everyone had a lovely **cuppa and cake, or a cheeky ice cream** from the **Boat House Cafe**, whilst taking in the views.

We're looking forward to many more trips to come!
