

Hengist Field Care Home residents enjoy Valentines Day celebrations

Love was definitely in the air here at Hengist Field Care Home on Wednesday – it was a Valentine's Day to remember!

As well as all our **love hearts and decorations**, we had some **special couples sharing a romantic meal in our Orangery Lounge**, with love songs playing in the background. Handmade Valentine cards were shared, and chocolates and roses were gifted to loved ones.

Our couples enjoyed **chocolate-dipped strawberries, a roast turkey lunch with all the trimmings and a choice of dessert**, with Asti Spumante with raspberries to enjoy with their meal.

All of our communities had a lovely **day full of love and kisses**. One of our **Senior Carers, Lita, received a special delivery from her husband** – a bouquet of red roses and a box of Milk Tray (...all because a lady loves Milk Tray!), with a packet of love heart sweets attached to the box of chocolates. *How wonderful!*

To top off our Valentine's Day, we had a special **visit from Nellsar's Managing Director, Martin Barrett**, who was full of smiles and compliments for our Home.

Happy Valentine's Day everyone!
