

Hengist Field Care Home residents start their Christmas arts and crafts

On Saturday 18 November here at Hengist Field Care Home, we started our Christmas creativity!

We made some **beautiful Christmas trees** by utilising and using recycled products. We also made some **Christmas scenes**, using cherry tree wood slices and recycled Christmas figures and miniature trees.

It was a great festive afternoon, with lots of **Christmas spirit and Christmas music** playing in the background.

It's beginning to look a lot like Christmas!
