

Hengist Field dec the Home with boughs of Holly

Here at Hengist Field Care Home, a small group of residents and Recreation and Well-Being Coordinators Sue and Mihaela, enjoyed festive arts and crafts while making Christmassy table decorations on Thursday 12 December.

These lovely decorations were made especially for the three different units in our Home. Our residents chose what to put on the table decorations and where to put them. They really enjoyed themselves as they got into the spirit of Christmas.
