

## Our lovely Eileen at Hengist Field Care Home

**Eileen Fuller has been a resident here at Hengist Field Care Home for four years now – she is a part of the family!**

Here she is in the garden enjoying a bowl of yummy strawberries and some fresh air in the garden.

*When we asked Eileen what she most enjoys about living at **Hengist Field**, she said, "I love being here, the staff are wonderful, and nothing is too much for them. They care for us with love and respect and always listen to us. I have good friends here. I like going around the Home and speaking with other residents and staff. I love participating in activities – I think the activities girls are lovely. Everybody is so lovely here."*
