

Pumpkin perfections at Hengist Field Care Home

On Monday 28 October we had an afternoon of pumpkin carving in our activities room at Hengist Field Care Home.

What fun we all had - residents and staff alike! From carving to tasting, we really got stuck in! We all had a lovely afternoon and the activities room smelt lovely.

When we'd finished, we took all the carved pumpkins up to be displayed in our three units, where they looked fantastic and brought a Halloween flavour to our **Home**.

Thank you to Jackie and Mihaela, Recreation and Well-Being Coordinators for your designs and handiwork with the pumpkins!
